

# Associate Psychotherapist (AMFT, ASW, APCC)

**Silicon Valley Therapy and Therapy InMotion are on a mission** to deliver innovative mental and behavioral health services to our diverse community of clients. We are seeking creative, motivated therapists looking to thrive in a group practice. Our providers are accomplished and passionate about their clients' well-being. Are you a good fit for joining our team?

## We provide

- Team support from a diverse, experienced group of therapists
- Administrative support including an EHR system, Telehealth technology, office space, help with billing and insurance
- Group and individual supervision
- Training in a wide variety of modalities
- A vast library of resources to use with your clients
- Standardized and custom assessments to measure progress
- PhD level providers, authors, and teachers who have contributed much in their field and want to teach you!
- Compensation: Above-market with additional work opportunities doing research and writing

## Specialties we offer

- Autism and Neurodiverse couple's therapy
- Trauma-informed care
- Addiction (digital, sex)
- Neurofeedback and biofeedback
- Career counseling and job burnout
- We welcome your interests and want to help you cultivate your specialties

## Clients we serve

- Adults, teens, children - we use many modalities including play therapy, CBT, DBT, IFS, EFT, Existential, Psychodynamic, postmodern, person-centered, and modalities we've created ourself including 167 Therapy and Relationship-based Metric-driven Therapy
- Couples and families - we developed a model of values-driven families and positive parenting
- Groups - we believe in the power of social healing and peer support
- Veterans - we are contracted with the VA to meet the large mental health needs of veterans

## Your qualities

- Education: Master's degree in counseling psychology or equivalent
- Eager to learn, self-starter, passionate about mental health

- A belief in a balanced approach to therapy where emotional processing is combined with clear outcome measures (for example PCOMS)
- Able to integrate feedback (positive and critical) into your growth and learning process
- Driven to succeed in private practice and able to commit to at least 20 client sessions per week
- Open to working on creative technology projects like videos, mobile apps, and content creation
- Holistic approach to healing that includes mind, body, spirit, social
- Possess a values-driven way of being that promotes unconditional positive regard for your clients
- Wants to achieve great things in your career as a therapist and make a difference in the world
